CONSULTATION, IN ALL CASES, FREE.

CURES GUARANTEED, OR NO PAY REQUIRED.

IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED.

The above rules, established by Dr. J. C. Young in 1850, and which have done so much to secure the reputation of this Institute, are still adhered to, affording those in need of medical aid, the certainty of cure and the utmost confidence. There is nothing of so great importance to the sick as to know where to find a physician whose skill and [illegible] give assurance of proper and [illegible] treatment. The Doctor would respectfully call the [illegible] of those of both sexes [illegible] suffering or in trouble [illegible] the invariable success [illegible] has marked the career of the Institute in the seventeen years of its existence.

It is unnecessary in this [illegible] to enumerate all the complaints treated at the Institute, but the Doctor feels it his duty to call especial attention to that terrible scourge, SEMINAL WEAKNESS, That is sapping with its insidiousness the very life of its victims; in the treatment and cure of which the Institute has [illegible] and so enviable a reputation.

Cold Comfort

[From the Sacramento Union.]

The Democrats are unable to find their expected gains in Maine, so they are trying to cipher out a Republican loss. They insist now that the Republicans should show the largest majority they ever had. This is unkind, considering that we have had to overcome Democratic importations from New Hampshire. It would seem that our Democratic friends should be satisfied if the Union men poll as large a vote as ever. This they have done. The telegraph has informed us that the total vote is the largest ever polled, and that out of this we have over 20,000 majority. Now, the two largest votes in five years were at the State elections in 1864 and 1866. In 1866, the vote was 111,873; in 1864, the vote for Governor was 111,999, and for President, 106,614. Supposing the total vote to have again reached 112,000, the Republican portion of this must be at least 66,000. In 1860 Lincoln got only 62,811 votes; in 1864 he got 61,803. The Republican Governor in 1861 received 62,359; in 1865 only 53,449. In 1866 General Chamberlain was first chosen Governor over Pilsbury and the Johnson policy by the unusual majority of 27,687; but the total Union vote was only 69,626, showing a falling off in the Democratic vote since 1864. Last year our total vote was only 57,848, while the Democracy polled their full strength. Thus it appears that the Republicans in Maine have not lost a vote, but probably gained some, and will unquestionably gain more on the Presidential ticket, and give Grant somewhere near 30,000 majority.

But how is it with the Democrats? Where are their gains? Have they even held their own? Their share of 112,000, total vote, giving us 20,000 majority, will be 46,000. They exceeded that vote last year, having a total of 46,663; and in 1864, they had 46,476. They weakened on the Presidential vote in 1864 44,211; but they will weaken more than that on Seymour and Blair, while the Republicans, instead of falling off on Grant, as they did nearly 4,000 on Lincoln in 1864, will probably give the General that many more in November. Now if the Republican majority in the late election is greater than 20,000, the case will be so much worse for the Democracy. They must have lost a considerable number of votes last year, which the Republicans have gained. Let them note that their chief organ, the *World*, cunningly says "the Republican majority is reduced;" but it does not venture to say the Republican vote is reduced. Yet, by the *World's* own figures, the Republican majority in Maine is greater than at any State election except that of 1866; and it is about 9,000 greater than last year.

Now, if Blaine's estimate is correct, that the Republican vote is 75,000 and the Democratic vote 53,000, the former has gained 17,351, and the latter only 6,337 over last year's vote. Perhaps the gubernatorial vote of 1864 is the fairest basis of comparison. On that the Republicans have gained 12,611; the Democrats only 6,524. If another account, which represents their vote this year at 55,000, is correct, they are still behind the Republicans by over 4,000 votes, and have gained only two votes to their three. It would seem that the vote has been extraordinarily large, and the fight spirited on both sides. But that only proves that the Democracy have done their very best in Maine, and met with a most overwhelming defeat. All the money they have expended, the eloquence they have wasted, the threats they have used, and the fears they have excited have been in vain.

On the whole, the lugubrious comment of the New York *Express* seems most fitting: "Nobody expected Maine to go otherwise than it did; but, if Democrats come out as heavily in other places, *several States may be* carried sure for Seymour and Blair." Yes, if the Democrats exert themselves everywhere to their utmost, as they did in Maine, they may carry Kentucky, and perhaps Maryland and Delaware. Outside of these States they must depend chiefly upon negro suffrage in the South, guided and instructed by the bludgeons of their Kuk Klux allies. What a comforting assurance this is for a party which started out breathing threatenings and slaughter? They will have to resort to the very States whose Governments they say are illegal and void in order to have a chance of success. A righteous retribution upon repudiators and revolutionists.

The Political Prospect in Pennsylvania.—An editorial letter to the *Washington Chronicle* presents a careful and close analysis of the political prospects in Pennsylvania, as seen from a Pennsylvanian standpoint. Pennsylvania has never been so united, not even in 1864. Here, as elsewhere, Grant is the chosen man. The unity is so far greater than in 1864, that though the State then gave Mr. Lincoln 20,075 majority, it will now give Gen. Grant at least 30,000.

Every nomination in the State has been made unanimously, and the whole party is in line, working for the heaviest vote. In 1867 the Democrats had many advantages.

The Republican politicians excluded the soldiers from the best places on their ticket in this city, and the Democrats took advantage of the mistake, and gave the soldiers their best nominations, while a large body of Republican lawyers were pledged to the Democratic candidate for law judge of one of our local courts, and a still larger number for the Democratic candidate for Supreme Judge in the State. The Republican vote fell off heavily in every county but two or three, and yet the Democratic majority in the State was only 922.

This year the loss will be made up in three of the wards of Philadelphia alone. The organization of the Republicans is very thorough. There are two State Committees, the Republican and the Union Soldiers—the first under ex-Speaker Grow, and the second under General C. H. T. Collis.

The Union League of Philadelphia is most efficient. It sends hundreds of thousands of documents all over the State, and its rolls contain the names of more than 2,000 citizens of the highest character, representing all the interests of society and all the professions and trades, and every day adds to its usefulness in all patriotic works. At its rooms may be met every night not only the best local people, orators, lawyers, doctors, manufacturers, and mechanics, and our soldiers and sailors, but the gifted sons of other States, North and South, who are eagerly sought out on their arrival and made cordially welcome.

Mr. Garfielde.—The Olympia *Republican* of Monday last says of the gentleman by whose eloquence our citizens were so much entertained on Wednesday evening:

Hon. S. Garfielde, one of the ablest and most eloquent speakers on the Pacific coast has gone to California, to canvass the State for Grant and Colfax. He left this place on Friday morning last, intending to go through Oregon, talk good Unionism to the Webfooters on his route, and arrive at Yreka in time to devote the entire month of October in canvassing California. This will be the third canvass that Mr. Garfielde has made for the Republican party since 1864, and his unselfish devotion to the right cause, deserves, at least, honorable mention and remembrance by every lover of truth, justice and the Union. There is no man in Washington Territory who has done more for the success of the Republican party than Mr. Garfielde, and there is no one whose political character, motives and actions, have been so uniformly misrepresented.

Railroad Work Commenced at Humboldt Wells.—The Salt Lake *Reporter* of September 15th has the annexed:

The Union Pacific Railroad Company are really going to commence work at Humboldt Wells. Bent, the contractor for the first fifty miles east from the Wells, was in the city yesterday, and left for his contract this morning. Boyd is the contractor for the next fifty miles east of Bent's contract. At least 150 teams have passed the mouth of Weber on their way to these contracts. Boyd and Bent have been in the employ of the Union Pacific Railroad Company from the first as graders, and they are now moving from Butler Creek where they have just finished a contract.

If it costs twenty-seven millions a year to keep the New York city Ku Klux in stealings it would cost one thousand and eighty millions a year to keep them full if they once get control at Washington. Figure for yourself, you can do it by the double rule of three.

Who?—Who apologized for the assassination of Lincoln?

DATES TO OCTOBER 1.

Chicago News

Chicago, Oct. 1.—[illegible] Robbins, President of the Board of Trade of this city [illegible] to resign [illegible] of President of Board, [illegible] not be accepted, [illegible] in his integrity is unimpaired. The failure was in consequence of an immense "corner" in corn, engineered by a clique of large operators.

The fire on South Water street last caused damage to the amount of $100,000, mostly borne by Child & Briggs and G. W. Frunders & Co., wholesale grocers. The greater part is covered by insurance.

New York, Oct. 1.—In the Revenue conspiracy case to-day, Collector Wood, Postmaster Lincoln and Senator Pierson, of Brooklyn, gave testimony damaging to the character of McHenry, witness for the prosecution.

Nothing was done to-day by the Chamber of Commerce for the relief of the South American sufferers.

General Kirby Smith is among the passengers for California by the steamer *Rising Star*.

Bishop Potter made the Annual Address before the Episcopal Convention to-day. It was non-committal on the ritual case.

Ben Butler's case against the Surrogates of this city, involving the will of Butler's brother, was up to-day. Decision is reserved.

Democratic Frauds in Philadelphia.

Philadelphia, Oct. 1.—Six men were arrested to-day for attempting to get assessed in words where they did not live, with the intention of duplicating their votes. The excitement in relation to naturalization is increasing. From an examination of Court records it appears that some thousands of papers have been issued in which the residences of persons vouching for applicants were in no instance taken down, so the records of the Court are useless in any attempt to prosecute these vouchers for perjury.

Washington, Oct. 1.—Andrew J. Simmons is appointed Collector of Montana vice Langford resigned.

Great meeting of Soldiers in Philadelphia.

Philadelphia, Oct. 1.—The city is crowded with strangers and the hotels filled to overflowing. There is a liberal display of bunting along Chestnut street, and many private dwellings throughout the city are decorated. The front of Independence Hall is illuminated with gas jets and patriotic devices. Letters were received from Gens. Sherman, Howard, Pope, Sigel and others. Mayor C. Michael welcomed the various delegations to the Soldier's and Sailor's Convention in Independence Square. Several thousand people were present. It is thought to-morrow will be observed as a general holiday.

Pittsburg, Oct. 1.—Wm. Strong has resigned the office of Supreme Judge and Gov. Geary has appointed Henry W. Williams to fill the vacancy.

Foreign News by Mail.

New York, Oct. 1.—Mail advices from London state that the Committee charged with the arrangements for the Congress of Peace and Liberty, to meet at Berne, October 22d, have published their programme. After affirming that religion is a matter of individual conscience and that it as well as public instruction, ought to be eliminated from political institutions in order that churches may no longer prevent the free development of society; that the United States and Europe can have no organization except one founded on popular Democratic institutions, having federation as its bond, and that the existing system of political economy ought to be radically and immediately changed. They protest in the name of the league against any attempt at social reform made by any despotic power, and propose for discussion the following questions: First, In what relation to peace and liberty are the advantages of the abolition of permanent armies and national militia, or even of a general disarmament? Second, What are the relations of the social and economic questions with that of peace by means of liberty? Third, In what relation to peace and liberty are the advantages of the separation of Church and State? Fourth, How may the federative principle be applied in different countries, and what may be the advantages of the Constitution of the United States to Europe? At this Congress women will be allowed the same rights as men.

Miscellaneous.

Boston, Oct. 1.—Rev. Thomas Hill resigned the Presidency of Harvard College, and the resignation was accepted.

Poughkeepsie, Oct. 1.—There was a general jail delivery on last Tuesday night, in this city. Twelve prisoners escaped.

Oswego, Oct. 1.—The schooner *Persian*, from Chicago to this port, collided with the schooner *E. Butler*, fifteen days ago. Nothing has been heard of the former vessel since. It is feared she has been lost with all on board.

BY ATLANTIC CABLE.

London, Sept. 30—Midnight.—The following is received from Madrid, dated to-night: General Pavia has arrived here. He was badly wounded in the battle with the revolutionary forces. The Royal armies are removed from the public buildings throughout the city. Soldiers and citizens everywhere fraternize with the army. Buildings in several quarters of the city are brilliantly illuminated.

London, Oct. 1.—Madrid is quiet. A provisional Junta is organized with Malone for President. No measures have yet been taken looking to the future of the country beyond denouncing a plan for a Republic, nor will there be until Generals Prim and Serrano arrive.

The battle between Pavia and Serrano occurred at Alicante, near Cordova. It was very short and there were but few losses. The success of the revolutionary movement in Spain, ending as it has in the expulsion of Queen Isabella, gives much rise to speculation as to her probable successor. It is generally believed that the known dislike of Napoleon to the Orleans family, is fatal to the hopes of the Duke De Montpensier, and that a Carlist will be chosen to rule over Spain, is regarded as impossible. The ancient rights of the house of Savoy to the throne of Spain, are beginning to be discussed, and the Duke of Costa, the second son of King Victor Emanuel, is talked of as an available candidate.

Paris, Sept. 30.—The Queen of Spain has arrived at Bayonne. Mon, one of the Queen's counsellors who accompanied Her Majesty on her recent visit to Biarritz, has resigned.

Paris, Oct. 1.—*La France* to-day discusses the prospects of Spain, and predicts that the present revolution there has avoided a violent civil war. The *Moniteur* gives the following account of the late movements of the Spanish Court. The Queen of Spain and members of the royal family who were with her at San Sebastian, crossed the frontier September 30th. They immediately proceeded to Biarritz, where the Queen had an interview with Napoleon and the Empress Eugenie. After a brief delay the Queen and family left Biarritz for Castle Pau, which has been assigned to her as her residence during her sojourn in France.

Rio dates just received says the newly installed President, Sarmiento, has proposed negotiations for peace between Brazil and Paraguay.

Madrid, Oct. 1.—General Prim and Marshal Serrano have arrived. The citizens are arming themselves and have occupied the guard houses and various military posts within and around the city. Barcelona has joined the revolution. Count Cheste has fled from Spain. Residents are sending deputations to the Provisional Junta, now in session to congratulate them on the success of the patriotic movement. It is reported that Manuel Concha and Count Cheste, have left Spain.

Rome, Oct. 1.—Pope Pius has issued an Apostolic letter, addressed to all non-Catholic religious bodies, announcing the forthcoming Ecumenical Council, and urging them to seize the occasion that is afforded of joining the church.

OUR SAN FRANCISCO DISPATCH.

San Francisco, Oct. 1.—The soldiers, sailors and marines are to have a procession and mass meeting to-night. Nearly all of them served in the war for the preservation of the Union, and they will bear in the procession several shot-ridden battle flags, including the colors of the Twenty-sixth Pennsylvania Infantry, which was borne all through the war, the California Hundred and that of the Second California Infantry. At least two hundred and fifty U. S. regulars will appear in the procession with a number of sailors from U. S. vessels in the harbor. Several Union Generals and officers of the Grant Invincibles, Artillery, the Grant and Colfax Tanners, Freedom's Defenders, the Union Ward Clubs, German and French Republican Clubs, and other Union organizations, will turn out, bearing torches and transparencies. A large delegation is coming from Vallejo and other places outside of the city. A salute of two hundred guns will be fired and bonfires and fireworks will illuminate the city.

A opposition steamer, named the *C. T. Walker*, arrived from Stockton to-day. She will begin to run to Stockton Monday next as an opposition.

S. B. Abbott dropped dead in a saloon this morning.

Rain fell steadily all last night.

Dermatt & Co's stables on Stevenson street were partially burned this morning, loss about $5,000. Insured.

The "Grecian bend" style of dress has made its appearance on Montgomery street.

San Francisco, Oct. 1.—The grand torchlight procession of the Union Republicans to-night was a magnificent demonstration. The line of the procession extended the entire length of Montgomery street and through Second to Howard street. The members marched four and eight abreast and each one carried a torch lantern or transparency. The Freedom's Defenders, the Grant and Colfax Club, Grant Invincibles, and the Tanners were made conspicuous by their handsome uniforms. Two hundred guns were fired during the march of the procession. The streets were crowded with spectators, and the utmost enthusiasm prevailed.

A large portion of the Democratic party in this city are hugely disgusted at the action of Convention in nominating Cannavan for Chief of Police, and many strong Democrats express their intention of supporting Crowley, the Union nominee. This turn in political affairs will largely increase the Republican vote in San Francisco, and will probably secure the success of their entire local ticket.

State Lands.

We have the report in full of the Board of Commissioners for the sale of the School Lands and the management of the School Fund of the State. It gives with much minuteness and detail the operations of the Board under the law of October 1864 and shows a management which must be entirely satisfactory. The State lands are the school lands proper, i. e. the 16th and 36th sections; the university lands consisting of seventy two sections for the use and support of a State University; the grant of five hundred thousand acres by act of Congress, for purposes of internal improvement; ninety thousand acres granted for the support of an Agricultural College; the swamp and overflowed lands of the State and seventy two sections of saline lands. The sales of lands made by the Board under the act of 1866 are as follows

Names of Counties	Acres sold	Currency	Coin
Yamhill	[illegible] 40	$ 6 [illegible]	$1 [illegible] 9

The terms of sale have been one third down for farming and grazing lands and one half down for lands chiefly valuable for timber, with interest on the deferred payments at ten per cent per annum payable semi annually. The law requires the interest collected in the management of the fund to be distributed each year throughout the school districts of the State. On the school fund now on hand, the interest amounts to more than $24,000 per annum. The following table exhibits the condition of the school fund at the date of the report, showing amount and where held

The amount of unsold school land in the State is unknown, and is being constantly increased by the extension of the public surveys. Much of the land is good, and it is selling rapidly.

The lands granted to support a State University have all been selected. So of the grant of a half million acres for purposes of internal improvement. But a small part of these lands have been sold

Pushing Ahead

The West side railroad is progressing most favorably. There are people who exert themselves to decry and belittle this enterprise, who if they would take the trouble to go over the line of this road, view the work which has been done and observe the steady energy with which the enterprise is being prosecuted, would surely be ashamed of their lack of knowledge and want of appreciation of this work and the benefits it promises. It has really been a stupendous task to grade the first five miles of this road, commencing at the southern extremity of this city. No one who has not examined the ground and inspected the work, can have any adequate idea of the ruggedness of the one or the magnitude of the other. But this most difficult part of the grading is approaching completion. Thirty working days more will finish it, and open the road bed from the head of Fourth street in this city to some distance beyond the summit of the mountain. The bridges required on this part of the route will all be finished before the close of the year. After passing the summit the difficulties of the route will be greatly decreased. Next year the Company expect to be prepared to go on with increased activity and renewed confidence, and their work will begin to appear to much greater advantage than it has yet done

Considering all the circumstances, the west side has so far done extremely well. The work began late in the season, a working force had to be organized and trained to perform a task which required no insignificant degree of engineering skill, everything necessary for the performance of the work had to be created, all the resources for it had to be obtained. The first part of the work presented obstacles so great and so many as to be almost disheartening; nevertheless those who had the enterprise in hand resolved to make a commencement, to persevere in it and to push it through. It must be admitted that they are succeeding so far remarkably well. Their work shows for itself. No thing of equal proportions is to be seen in Oregon. The working force on the road is efficiently organized and well managed and Superintendent Hart deserves much credit for his energy and skill in making the arrangements and pushing the work ahead. There is every reason to believe that the grading will be completed to Yamhill county, if not further next year. The progress which our railroad enterprises are making indicates that Oregon is pushing ahead

The New York *Times* is right when it says there are a hundred thousand *hard fisted* bondholders in this country to one *bloated* bondholder. There are tens of thousands of industrious people in the most moderate circumstances, who have their entire worldly possessions invested in Government securities—perhaps a $500 bond or a $1 000 bond or a bond of some other small denomination. The number of rich men who have invested largely in Government securities is exceedingly small. They can get larger returns for their money by investing in real estate or in general stocks or in other speculations. It is these hard fisted bondholders who are principally interested in sustaining the credit and honor of the Government. And it is they who are most interested in crushing out the Democratic repudiationists

---

The New York *Nation* hits the nail on the head when it says the recent elections resulted as they did "because Hampton and Vallandigham were permitted to make themselves the present leaders of the Democratic party"

Our Senators

The resolution censuring Senators Williams and Corbett and demanding their resignation was originated by Mr Gilfrey of Lane county, a little gentleman who is anxious to signalize his *debut* in politics by something which shall give glory and lustre to his name. Of course it is not Mr Gilfrey's fault, but rather his misfortune that his head is swelling with extravagant notions of his own importance. Nor is it his fault but rather his misfortune that his language in support of his resolution was so ill chosen. He said with charming ingenuousness that when Williams was elected he was looked upon by every one as a conservative man, but he had become a leader of the most ultra Radicals. And pray who were those who looked upon Williams as a conservative man, and what reason had they for the opinion? Were they Democrats and did they think him conservative because he denounced the rebellion, urged the necessity of putting it down, warned the people not to trust Democrats, peace sneaks and rebel sympathizers such as the present majority in the Legislature then were, and declared with all the powers of speech he could command that rebels should neither be permitted to destroy this Government nor allowed to control it? Was this the reason why little Mr Gilfrey thought him conservative? At that time Democrats called these "Radicalism." They had quite as much to say against the unconstitutionality of the measures Williams urged when he was elected as they now have against those which he has been conspicuous in supporting during the last three years. Had this Legislature been elected six years ago, and had Senators Williams and Corbett occupied then the same place they do now, they would have been censured and asked to resign for urging the unconstitutional doctrine of coercing rebels

Political News

The New York *Commercial Advertiser* of the 12th, says: "We have the most cheering intelligence from the southern tier and the central part of the State (New York). Friends who have been mingling with the people write that Republicans never were more active, and that our gains in every county along the Erie Railroad and through the central and western part of the State will be larger than in 1866, when we carried the State by thirteen thousand majority. Republicans of New York are up and at them. Our reports are here and New York is for the Republican ticket"

When the proposition to expel the colored members of the Georgia Legislature was pending, H M Turner (colored) got the floor and spoke with great force and eloquence for three hours. Now, said he, "I will make the proposition to every member of this House that I will read the Bible in more languages than you can, if you will agree to leave this hall, or I will go out if you can read it in more languages than I can." The offer was not accepted and of course Turner was expelled

The New York *Commercial Advertiser*, of the 11th ult, says a well informed gentleman, who has spent the last 10 days traveling through Pennsylvania, says that the Keystone State is certain to give a round Republican majority in October. From present indications Seymour will not carry a single Northern State. The tide is setting in strongly for Grant and Colfax. Kentucky and Maryland are the only States to be relied on—even little Delaware wavers. It looks as if the Democracy will be distanced in the race in November"

At Cambridge City, Ind, between Richmond and Indianapolis, last Friday evening, the ladies of that village gave out to their husbands, sons, fathers and brothers that *they* had prepared a Republican pole, nearly 100 feet high, ornamented with flag and streamer and that an entertainment was offered the "lords" of witnessing the erection of the pole. The affair was entirely impromptu, yet its novelty and the display of courage by the fair ones brought out a thousand people. They raised the pole, refusing every offer of aid from the "voters" and everything connected with the event was managed by them

General Carl Schurz made a speech in Detroit on Friday evening in which he said that from his own observation he was prepared to promise, that if the Republicans of New York worked throughout the campaign as they were working now, they would carry the Empire State by a glorious majority. Pennsylvania would give Grant and Colfax a majority such as she gave Lincoln in 1860 and there were even strong hopes felt by the Republicans of New Jersey of redeeming that State. The men that promised that Ohio would go Democratic were a peculiar class of fools, and were like those who promised that Michigan would support Seymour, and judging from this meeting he thought the one was as probable as the other

[From the Chicago Tribune Sept 16]

Over 20,000 Republican majority is the thundering response of Maine to the Seymour and Blair revolutionists. A victory of such magnitude, after such a struggle and with such momentous issues at stake is decisive of the Presidential election. Three weeks ago the Copperheads boasted that they would reduce the Republican majority below the figures of last year. Two weeks ago they were confident that there would be no Republican gain. One week ago they were offering to bet that Chamberlain would not have 15 000 majority. The result we publish this morning is a perfect Waterloo defeat. There is nothing left of the Seymour and Blair party in the Pine Tree State. When Maine votes in November she will add five thousand more to her present majority. The effect of this splendid victory on Pennsylvania and Indiana will be prodigious. We consider it assurance almost beyond a contingency that Grant will carry every State that Lincoln carried four years ago, by even heavier majorities than the latter received

The New York *World's* Sulphur Springs correspondent says of Rosecrans and his late mission: "Many in fact most Southerners here appreciate at its proper value Rosecrans' dodge to keep in office after Seymour comes in, and consider it the best joke of the season." How cruel [illegible] Rosecrans' dodge to keep in office. Such is Confederate gratitude to the meek warrior who went with his heart in his hand on a pilgrimage to the White Sulphur Springs to learn what his Confederate friends were willing to do about it

In many of the Southern States Democrats not only favor negro suffrage, but mix with the negroes at public meetings, feast with them at barbecues and parade with them in processions. In Oregon the main argument of the Democracy is against the "nigger"

Referring to the repudiation plank in the Democratic platform the New York *World* remarks: "It is due to truth to say that though unanimously adopted at Albany, this does not express the sense of the entire Democratic party"

Democrats continue to maunder about the public debt which they caused to be created. Should justice be meted out, Democrats, and none but Democrats would be taxed to pay the interest on the debt and ultimately the principal

LETTERS FROM THE CAPITAL

SALEM, Thursday, Oct 1, 1868

LEGISLATIVE PROCEEDINGS

In the House a memorial from [illegible] the purchase by the State of the [illegible] shackle, was presented and referred to Committee on Claims. [illegible] Chapman presented a remonstrance against the division of Douglas county.

The young man from Lane introduced a bill to amend the act to create the office and provide for the government of the Penitentiary. The bill [illegible] superintendent shall be chosen [illegible] nially by the Legislature. Having settled the Senators Williams and Corbett, the young man is turning his attention to some of the lesser lights. The bill will no doubt pass, as it seems to be the rule that whatever measure [illegible] a Republican out [illegible] Democrat in [illegible] the [illegible] in the Legislature.

[illegible] a bill to tax the stock [illegible]

[illegible] a bill to provide for [illegible] the basis of the last general election.

Mr Gray introduced a bill to increase the salary of the Judge of the 5th Judicial District to $3,000 a year. [illegible] lawyer [illegible] Democrat [illegible] Judge [illegible] a single eye [illegible]

[illegible]

IN THE SENATE

Mr Adams presented a memorial from [illegible] the enactment of prohibitory laws. He did not [illegible] such a law [illegible] memorial a respectful consideration. It was referred to a special committee [illegible] Legislature [illegible] members [illegible]

The Committee on Corporations reported back [illegible]

[illegible]

[illegible] a bill to provide for [illegible] judgments in Justices' courts

[illegible] a bill to provide for conveyance [illegible]

[illegible] a bill to create a Board of [illegible] Commissioners for [illegible]

[illegible] a bill to provide for the organization of ecclesiastical corporations

Miller of Jackson, a bill to amend the [illegible] to [illegible] reduce. It is designed more effectually to [illegible] places of amusement and business on Sundays

Mr Adams offered a joint resolution providing for adjournment sine die on the [illegible] October. Laid on the table

Miller of Jackson moved to take from the table the resolution censuring Senators Williams and Corbett and instructing them to resign; carried. Mr Cochran moved to adopt. Mr Adams said he thought the introduction of the resolution was only for the purpose of venting the partisan spleen of its authors; that that purpose having been accomplished he would move [illegible] further consideration of the resolution and he therefore moved its indefinite postponement. The motion however failed by a strict party vote. Mr Cochran was the only Democrat who undertook to discuss the resolution, and he was so incoherent that persons unacquainted with the stereotyped Democratic declamation on this subject would have found it a little difficult to follow him. He was in terrible earnest however, and berated the Senators as well as his slim stock of denunciation would allow. Mr Huston who had said only last evening that he would not vote for the resolution because he believed it a bantling of Nesmith or Humason said that there were in it one or two objectionable things. He did not like the censure of the Senators on the ground of their votes for impeachment of the President; he thought they had as good a right to vote for impeachment as had Senators on the other to vote to censure them. He would, however not move any amendment and would vote for the resolution. Mr Huston had evidently been hauled over the coals by a member of the staff [illegible] and persuaded that he had better look to his record. Baylor and Horman made brief remarks poking fun at the resolution, but beyond this nobody seemed at all anxious to debate it. The vote on the adoption was taken with the following result: Ayes, Cochran, Driebilbis, Ford, Hendershott, Hare, Huston, Ison, Miller of Jackson, Stout, Trevitt and President—14. Nays, all the Republican members—9. A faint effort was made by an ardent Confederate in the lobby to applaud, but it was a signal failure. The proceeding was so much a farce, that Democrats and Republicans alike betook themselves after the adjournment which followed immediately to cracking jokes upon the matter

Judge Williams will make a speech this evening at the Wigwam in which he will probably inform the Honorable Senators and Representatives about when and to what extent he will resign

Nesmith, Smith and others will speak to morrow evening as their posters say in answer to Senator Williams. They are to have a torchlight procession, a big spoon from Soto and plenty of whisky, direct from Bascom's

THE STATE FAIR

Everything is lovely at the fair ground to day, except the dust and that is horrible, horrible. It pervades the air, everything in thick stifling clouds, and penetrates to every part of the pavilion, into every house, booth and tent on the grounds, fills people's eyes, ears, throats and lungs and plays hob generally with the enjoyment of the fair. Everybody and his wife and all the family are here to day. There are dense crowds about the race stands and grounds, dense crowds at the same time around the pavilion, other dense crowds about the show houses, swings, etc—crowds everywhere and yet the camping grounds, embracing fifty or sixty acres on the outside, seem to be alive with people. I doubt if ever so many people were present at one time at any Oregon fair. I am not able to learn the total receipts up to this evening, but they must exceed $8 000—mostly from sales of season tickets

The Committees have been busy all day in examining and awarding premiums. To morrow I shall ascertain if possible the names of the takers of such premiums as are of undoubted public interest. It would be impossible to [illegible] more. There is so much for Superintendents, Committees and officers to do that it is not easy to find one who has leisure to assist me with information

THE RACES—HORSE PREMIUMS

There was a pacing race this forenoon not announced in the programme, free for all, mile heats, 2 in 3, to harness and rule. Robinson of Dallas entered "Dixie," and Gird of Corvallis "General." The latter came in ahead in first heat but it was given to Dixie on account of foul driving by Gird. General, however took the next two heats in 2 44 and 2 49 with fair driving. This is very good pacing as compared with other races in Oregon

The two o'clock race, announced in the programme was a trot, mile heats 3 in 5 to sulky. H G Hadley of Eugene City entered "Morgan" and Jerry Welsh entered "Jeff." The former took three straight heats in 2 53, 3 24½, and [illegible] Morgan [illegible] 2 42

The five mile trotting heat at 4 o'clock was contested by "Nellie" entered by Jas Welch, "California Dan" entered by Henry Walsh and "Fashion" entered by B B Acker but ruled by T A Davis, of Portland. The three took a fine start at a rattling pace but Fashion very soon took the lead and kept it to the end of the fifth mile, winning the race in 15 10, passing the stand the first time in 2 59 and making the 2d, 3d, 4th and 5th miles in 2,53, 2 58, 3 00 and 3 [illegible]. She is a Boston mare, 10 years old

H G Hadley took 1st premium for a roadster stallion—"Morgan"—and T G Naylor the 2d. Myers, of Jackson entered Capt Sligart for this premium but he took nothing

Hadley also took first premium for a double carriage team and C P Bacon of Portland took the 2d

[illegible]

There was a cougar and bear fight this afternoon outside the grounds which attracted a great crowd. The people were [illegible] the felicity of seeing these ferocious animals tear each other for the modest charge of $1 00 each. It is singular that people should have such tastes but I will venture to say that more people went to see this barbarous sport than could be persuaded to pay a dollar apiece for witnessing the most important performance in any department of the Fair

Gen Crook arrived in town last evening. He is about as unassuming as an easy old shoe, and chats with perfect freedom with whosoever he is in company. He is evidently not a brilliant button [illegible], but rather a plain man who goes more on business than display. I saw him yesterday morning in a plain black coat and [illegible] pants looking [illegible] like a private than a Major General. His style will suit this country

THE NEWS FROM MAINE

[Dispatches to the Chicago Tribune]

DES MOINES, Sept 15. The glad news from Maine [illegible] exceeded the most sanguine expectations. Republicans are wild with enthusiasm. The Democrats are as mum as a depopulated graveyard. One hundred guns were fired in honor of the grand triumph this morning and this evening there was a torchlight parade of four or five hundred Tanners

MILWAUKEE, Sept 15. The Maine election returns create great enthusiasm among the Republicans here. The *Daily News* (Copperhead) has telegraphic headings of "Democratic gains," but even the Democrats were unable to find a single Democratic gain and concluded the headings were made before the news was received

MADISON, Wis, Sept 15. The Republicans are jubilant over the good news from Maine, and the Democrats are equally despondent over the great reaction

ST LOUIS, Sept 15.—There was great rejoicing last night over the news from Maine. The Boys in Blue and the Tanners were out in force accompanied by music. Bonfires were kindled, and the victory was celebrated with great enthusiasm

DIXON, Ill, Sept 15.—A dispatch this morning, announcing the glorious result in Maine yesterday was soon noised abroad and was received with delight by our earnest Republicans. The Copperheads look glum

COLUMBUS, O, Sept 15.—There is enthusiastic rejoicing throughout the State over the Maine news among Republicans. Here the rejoicing broke out in the wildest demonstrations about midnight last night as the last dispatch from New York came in and very soon bonfires were lighted and rockets, Roman candles and shouts filled the air. To night there was an immense demonstration at the west [illegible] the capitol. There was a large torchlight procession and plenty of speeches

Seymour in Wisconsin in 1861

INTERESTING EPISODE IN THE LIFE OF THE GREAT STATESMAN

When Seymour was nominated last July we stated that when the war broke out he hastened away to the wilds of Wisconsin to avoid committing himself on the war question. This fact was reported to us by a Wisconsin man who saw him there at the time and was well informed as to the current talk about the reasons for Seymour's presence in that remote place at such a time. The Milwaukee *Sentinel* gives the particulars of this matter as follows

The *News* (Copperhead paper) attempts to throw doubt upon the statements of General Paine that in 1861 at the outbreak of the rebellion Governor Seymour was hiding away in the woods of Wisconsin. Such was nevertheless substantially the fact. When the news of the fall of Sumter was received in this city Gov Seymour was stopping at the Newhall House. The city on receipt of that news was ablaze with indignation. A meeting of business men was held at the Chamber of Commerce, and stirring addresses were made. Every voice was for war. Some one mentioned the fact that Gov. Seymour was in town, and it was at once resolved to have a speech from him. One of our most highly respected citizens, a personal acquaintance of Seymour's hastened to inform him of the intended call. He was found in the ladies' parlor of the hotel, received the Milwaukee gentleman most cordially and represented himself in the best of health. But when informed the crowd would presently call upon him for a speech, he promptly replied he should not respond. "But you must," said his friend, "the crowd will not take no for an answer." "I shall not do it," said Seymour. "I don't know how this thing is going to turn out, and I shall not speak. You must tell the crowd that I am sick and cannot respond." The Milwaukeean refused to tell the falsehood and turned and left the "great statesman." Shortly after another of his acquaintances, also a gentleman of high standing in this community waited upon him with the same errand. He found Seymour in his room "sick" [illegible] by his counterfeit distress. He left him. Shortly after a [illegible] committee of gentlemen called upon the Governor and fairly dragged him out upon the balcony. He simply thanked the crowd for the compliment and excused himself from speaking on the score of illness. He did not breathe a word appropriate to the hour—not a word encouraging the people to put down armed treason. After that Seymour was for weeks in this State maintaining a studied silence. "The papers are very kind," said he to a friend, "to represent me as being here for my health, I am [illegible] but [illegible] I am here to avoid committing myself on this war question." Such is substantially the language used by him as repeated to us by the gentleman whom he addressed

The facts are substantially as we have stated them and can be verified by gentlemen of the highest character for truth and veracity. Their testimony as to what they themselves heard Seymour say leaves no room to doubt that he was skulking in the wilds of Wisconsin at a time when all the patriots of the country were supporting the Government, and fighting treason with either tongue or pen or sword. In those days that tried men's loyalty and courage, Gen Grant was not skulking. There is no doubt where he stood

We have other facts concerning Seymour's war record that we propose to give to the public in due time

---

At Utica, N Y, Seymour was recently serenaded. He and some of his fellow politicians [illegible] speeches to the crowd. In one of these speeches the following statement occurs: [illegible] Gen McClellan as [illegible] the country preferred to support [illegible] Lincoln

---

The Chicago *Journal* gives the following version of Frank Blair's speech at Omaha: "Fellow citizens! [illegible]"

A lady once being separated from her husband, changed her religion, being determined to avoid his company in this world and the next.

COURSE OF LECTURES A fine opportunity will be afforded the citizens of Portland during the present and next month to hear a series of interesting lectures, by Dr J H Wythe. The course will comprise eight lectures upon the general subjects of Science and Infidelity and will be given at the Hall, at the corner of Taylor and Third streets at 7½ o'clock, and named in the following order

Lecture first October 6th—History of Infidelity. Relations of Science to Religion and Skepticism.

Lecture second October 13th—The Record of Earth or the Testimony of History to Revealed Truth.

Lecture third October 20th. The true principles of Interpretation or Errors in Science, not real objections to Revealed Truth.

Lecture fourth October 27th. Science against Atheism and Pantheism, and in favor of the personality, goodness and goodness of God.

Lecture fifth, November 3d. Geology in favor of the Bible.

Lecture sixth November 10th. The same subject continued.

Lecture seventh, November 17th. The testimony of Analogy to the Immortality of the Soul.

Lecture eighth Nov 24th —The Mediatorial Doctrine of Christianity in accordance with Nature.

The reputation of Dr Wythe as an able lecturer is so well established that it is unnecessary to remind the citizens of Portland of the fact that the contemplated course will be full of interest to all thinking minds. Tickets can be had of the members of the committee or at the book stores and other places in the city. The admission for the entire course is fixed at $3, single lecture 50 cents. The proceeds are to be applied in aid of the new church fund. We trust these lectures will be liberally patronized by the public of Portland, not only for the good they may do in the diffusion of light upon subjects which are not well understood, but that material benefit may accrue in aid of the fund for completing the fine building designed to meet the wants of the large and growing congregation of that church.

From the Dalles Mountaineer we condense the following items. The editor complains that the news he chronicles this week crowds matter. The Good Templars of have a nice cabinet organ. It is so that there is no more danger. The very little in both instances.

These things are regarded as nuisances by our city this their removal is and must be a voluntary with the occupants of the premises yet it be beneficial to have many such places and should the vast heaps of rubbish which around in various parts of the town, be would make a pile as huge as and greatly astonish those who think is a model of neatness. By a systematic our citizens would not only for the enjoyment of good health and also add much to the appearance of have a fire limit, that is a certain the principal business part of the city but fire proof buildings may be erected provide a great security in the same attention to the matter above named.

Election Returns—After a thorough canvass of the vote of public opinion it must be gratifying to all those laboring under PULMONARY AFFECTIONS, of whatever character, to know that a unanimous verdict has been given in favor of the unequalled efficacy of NEWELL'S PULMONARY SYRUP over all other remedies for coughs, colds, consumption, bronchitis, asthma, croup whooping cough, etc., etc.

Incredible as it may appear, that one compound should be adapted to the treatment of such a variety of diseases, it is nevertheless true that DR. E. G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851
STEAM POWER NOS 645 AND 647 FRONT ST
HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities, CREAM OF TARTAR and SPICES of all sorts.
The undersigned who has always enjoyed public confidence for the excellent quality of his Coffee neglects nothing to justify the good name acquired by his productions the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here and in the markets of the interior a relatively higher price, excites the cupidity of some manufacturers and every day he sees increasing the number of those who by counterfeits or imitation of his mark seek to deceive the public, palming off on them their inferior productions for the genuine G VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters. Nevertheless buyers should be forewarned and placed on their guard against this practice.

WEEKLY REVIEW.

PORTLAND, Oct. 2, 1868.

Our latest advices from New York are to the 29th, quoting gold at 141½. Legal Tender notes at San Francisco quoted at 71@71½. Mercantile borrowers [illegible] New York [illegible] wheat and flour [illegible].

San Francisco Produce Market.—The downward tendency in flour noticed last week [illegible] to have been as great as was anticipated, though our quotations are, superfine, $5 00@5 50; extra, $6 00@6 25, [illegible] lower. New wheat in San Francisco is ranging from $1 75@1 96 per cental, according to quality. Barley, new, at $1 10@1 25. Oats, $2 00@2 20 for the various qualities.

In our own produce market, prices are not materially changed. Wheat is perhaps firmer with a little upward tendency. Oats are steady at the figures given below. But little barley has been received during the past week, and that found ready sale at our quotations. The receipts of wheat are not yet as large as was anticipated, owing in part to the continued low stage of water and partly to the fact that there is not full confidence in the market. Flour has arrived in considerable quantities, some 20,000 qr sacks being received by the Willamette steamers. About 1,000 sacks were shipped by the *Oriflamme*. A little fluctuation is noticed in the prices of bacon and hams, though no material rise or fall has occurred. Business has not been so lively during the week, especially the retail country trade, owing to the number of people who devoted the week to the State Fair at Salem. From all we can learn the Agricultural Society of the Fair are not represented as well as the best interests of our fertile young State demands. Men of Oregon ought, through this means, to have shown to the rest of mankind what she could do towards furnishing bread for the world.

SOOTHING AND BRACING.—There is no preparation in existence which has such a soothing effect in cases of nervous excitement as

DR. HOSTETTER'S STOMACH BITTERS.

Although the fame of this renowned invigorant rests mainly on its astonishing cures of Dyspepsia, Liver Complaint and Intestinal disorders, it is equally efficacious in nervous complaints. Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and lightens the depressed animal powers as well as strengthens the body, and its use is never followed by any unpleasant reaction. Sold by all Druggists and dealers everywhere.

EXTINGUISHER

PORTABLE

SELF-ACTING FIRE ENGINE!

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in a more instantaneous manner than has hitherto been discovered.

The advantages to be derived from the use of the EXTINGUISHER are as follows:

Every fire begins on a small scale, and its rapid and uncontrollable increase is owing to the fact that at the time of its commencement (when every moment's delay in checking it is of the utmost importance) no means are ready at hand.

The EXTINGUISHER is the only Engine that fills this requirement.

It is always ready for use, though standing unused for years.

It puts out Fire instantly.

It saves the great deluge of water now used for this purpose.

It is as effective in the hands of a Boy as the most experienced Fireman.

It is portable, and as easily handled as a bucket of water.

It possesses within itself the power of a force pump, and as effective as a Steam Engine.

It is the only known invention that will put out Fires from Kerosene, Tar, Naphtaline, and combustible materials in common use.

PRICE. No 1, $50, No 2, $55, No 3, $60.

REPUBLICAN PRINCIPLES

THE "IRISH REPUBLIC" NEWSPAPER, PUBlished in New York City, is devoted to the promulgation of the principles of the Republican party. It is now engaged in a bitter and most arduous struggle with all the reactionary elements which have so long controlled the votes of the people of Irish birth. Its circulation and influence are being widely extended, but as in all great enterprises, the results are all consumed in the effort of maintaining and extending that influence. The paper is a large and handsome Weekly, published at a subscription price of two dollars per annum. We propose to devote its columns to the great work of the pending campaign. TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary.

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases of years standing and Ulcerated legs successfully treated.

Horrible Diseases.

How many thousands of young, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In all ages in this situation thousands suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible and destroying maladies—see that they are saved for and cured before it be too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years and who has certain results, [illegible] and sure cures without mercury or any injurious drugs. It is important to those who are afflicted, as well as to those who are interested in the welfare of their friends, to beware of the many pretended doctors who infest the city publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be careful to search and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves or rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers and dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating the disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Or those who contemplate marriage, who are suffering under any of those fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn-to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tinkers, etc., and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets, for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultations FREE. [illegible]
